

Dr Chris Fox — Curriculum Vitæ

READER, CSEE, University of Essex, Wivenhoe Park, Colchester CO4 3SQ, UK

Email: [foxcj AT essex.ac.uk](mailto:foxcj@essex.ac.uk) URL: <http://chris.foxearth.org/> Phone: +44 (0)1206 87 2576 (work)

Areas of specialisation

Formal semantics. Logic. Philosophy of language.

Education

PHD, Cognitive Science Centre, University of Essex.

MSc, Cognitive Science (Distinction). University of Essex.

BSc (HONS), Computing Science. University of Essex.

Books

- 2010 *Handbook of Natural Language Processing and Computational Linguistics*. Alex Clark, Chris Fox & Shalom Lappin (eds). Wiley-Blackwell. 2010.
- 2005 *Foundations of Intensional Semantics*. Chris Fox & Shalom Lappin. Blackwell. 2005.
- 2000 *The Ontology of Language*. CSLI. 2000.
- In preparation *Handbook of Contemporary Semantic Theory*, 2nd ed. Shalom Lappin & Chris Fox (eds). Wiley-Blackwell.

Selected Articles

- Accepted “Obligations and Permissions”. *Language & Linguistics Compass*. Blackwell.
- Accepted “Imperatives: a judgemental analysis”. *Studia Logica*.
- 2010 “Expressive Completeness and Computational Efficiency for Underspecified Representations”. Chris Fox & Shalom Lappin. In *Linguistic Analysis*, Volume 36. 2010. pp385–417.
- 2010 “The Good Samaritan and the Hygienic Cook”. In *Philosophy of Language and Linguistics*, Volume I: The formal turn. 2010. pp103–118.
- 2010 “Computational Semantics”. In *Handbook of Natural Language Processing and Computational Linguistics*. Wiley-Blackwell. 2010.
- 2009 “Obligations, Permissions and Transgressions: an alternative approach to deontic reasoning”. In *Proceedings of the Tenth Symposium on Logic and Language*. 2009. pp81–88.
- 2005 “Underspecified Interpretations in a Curry-Typed Representation Language”. Chris Fox & Shalom Lappin. In *Journal of Logic and Computation* 15(2). 2005. pp131–143.
- 2004 “An Expressive First-Order Logic with Flexible Typing for Natural Language Semantics”. Chris Fox & Shalom Lappin. In *Logic Journal of the Interest Group in Pure and Applied Logics* 12. 2004. pp135–168.
- 1998 “Plurals and Mass Terms in Property Theory”. In *Plurality and Quantification*. Kluwer. 1998. pp113–175.
- 1994 “Existence Presuppositions and Category Mistakes”. In *Acta Linguistica Hungarica* 42. 1994. pp325–339.
- 1993 “Individuals and Their Guises: a Property-theoretic Analysis”. In *Proceedings of the Ninth Amsterdam Colloquium II*. 1993. pp301–312.

(See <http://chris.foxearth.org/fox-publications.html> for a full list of publications.)

Academic Appointments

- Current READER IN COMPUTER SCIENCE, & SENIOR LECTURER: *University of Essex*, UK.
LECTURER: Computer Science, *King’s College London*, UK;
Mathematical and Computing Sciences, *Goldsmiths College*, London, UK.
RESEARCH FELLOW: Computational Linguistics Institute, *Saarbrücken University*, Germany.
SENIOR RESEARCH OFFICER: Language & Linguistics, and Computer Science, *University of Essex*, UK.

Editorial Roles

- Editorial Boards Journal of Linguistics and Philosophy; Journal of Semantics and Pragmatics.
Special Issues Co-edited two special issues of the Journal of Logic and Computation. 2005 & 2008.
Grant Reviews EPSRC (*Engineering and Physical Sciences Research Council*) College Member; ESRC (*Economic and Social Research Council*); Leverhulme Trust.
Conferences Roles include programme chair, and membership of organising, steering, & programme committees.

Grants

- INTERPROM. *A European Union Framework VI project*. Investigator. €1.4M.
TETRA. *An EPSRC funded project*. Co-investigator. £174k.
INSPIRE. *A European Union RTD Framework V project*. Chief Scientific Officer. €2.1M.
GUSTT. *An EPSRC funded project*. Co-investigator. Rated “outstanding”. £258k.
VARIABLE DEPENDENCE ANALYSIS. *DaimlerChrysler*. Investigator. €30k.
TRAVEL GRANT. *Royal Society*. £936.

Teaching

- Undergraduate Logic, semantics, artificial intelligence, languages & compilers, discrete mathematics, data structures & algorithms, and various mainstream computer science modules. Module supervisor for individual third-year dissertations.
Postgraduate Supervision Natural language semantics; data structures. Module supervisor for postgraduate research topics. Supervised third year projects, postgraduate group projects, individual special topics and MSc dissertations. Supervised and co-supervised PhD students at Essex, Goldsmiths College and Brunel University. Chaired numerous supervisory boards.
Examining External examiner King’s College London.

Administration

- Essex *Graduate director; Second year director; Departmental Student Advisor; Manager of Staff Contribution Model; Senate; Information Systems Strategy Committee; Faculty Board; Graduate School Board*. Also served on, and chaired, numerous departmental committees.
KCL *Postgraduate admissions tutor; Undergraduate admissions; First year undergraduate coordinator*.
Goldsmiths *Undergraduate admissions; IT systems administrator; Web manager; Information Systems Strategy Steering Committee*.

Other

- Politics Former elected councillor.
Former deputy mayor.
General election candidate, 2005 & 2010.
Company Director of a community wildlife trust.
Music Member of a performing African-percussion group.
